

Hoover Happenings

For the week of

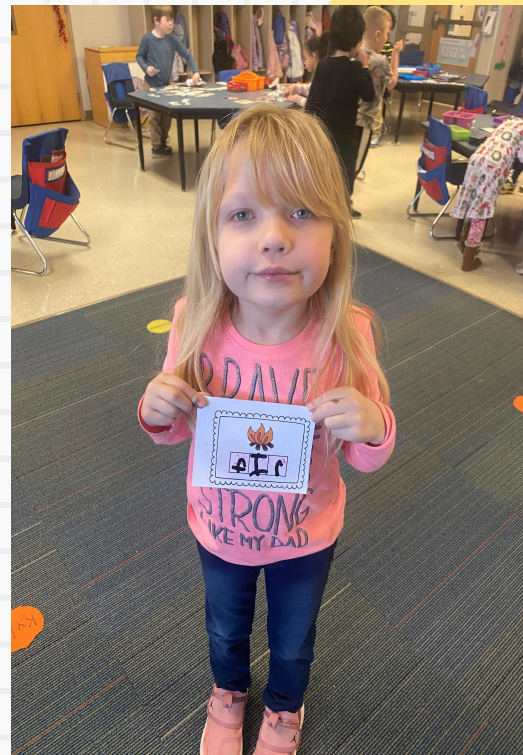

Mrs. Gorski's Kindergarten Class!

This week in Kindergarten we practiced working cooperatively with a partner to collect up to 15 counters on a double, ten frame game board. The game offered an opportunity for the kiddos to take turns, follow directions and see the different number combinations that can add up to 15.

We have been working very hard on reading and writing CVC words. (Words that are made up of a consonant + vowel + consonant.) Some words we spell accurately and others we spell based on the sounds we can hear. Both ways of representing the word are

developmentally appropriate for the kindergarten stage of writing.

Mrs. Wohlfeill's Kindergarten Class

We had a busy week in Kindergarten! We learned the rules of bowling using force and motion to get ready for our field trip next week! We also celebrated Children's Dental Health month with a visit from Ms. Tooth and her team! And as always, we worked hard in learning centers to keep our brains growing!

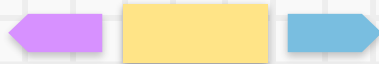

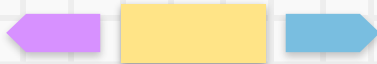

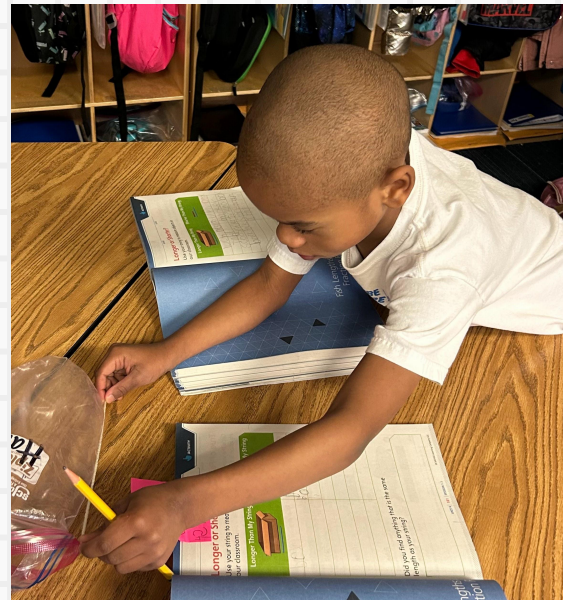

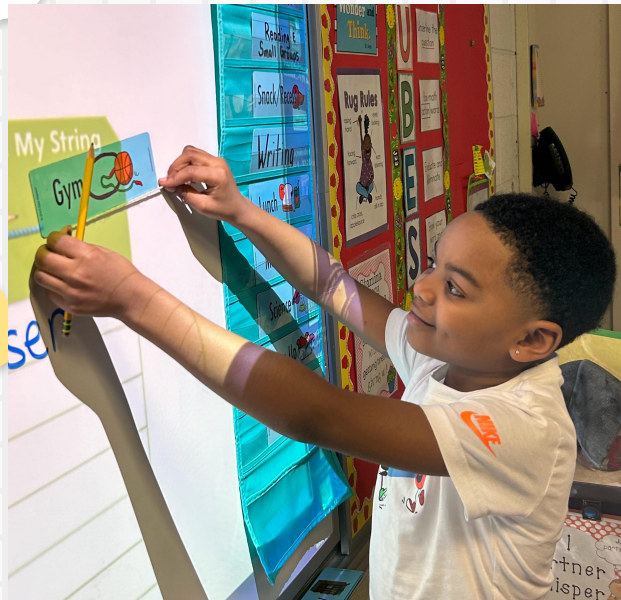

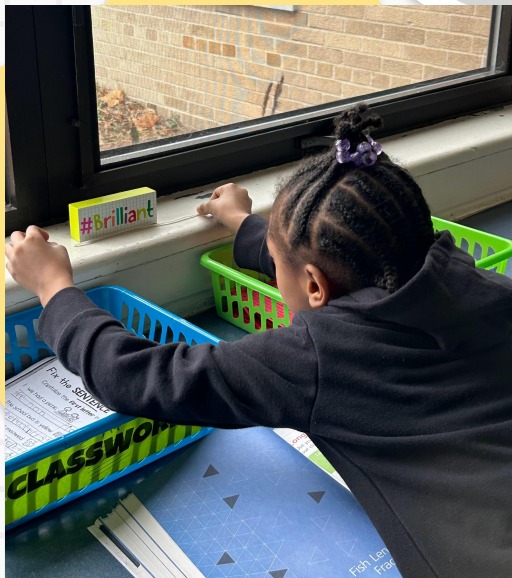

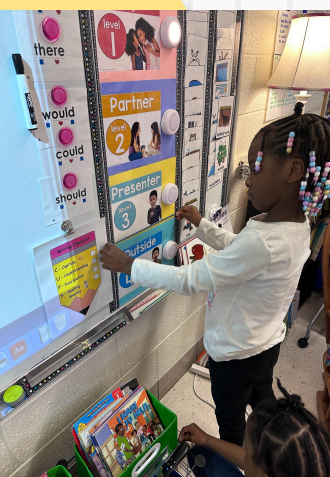

Mrs. Hughes' First Grade Class

We started a new math unit this week, measurement and time. We spent time measuring objects in our classroom with different types of measuring tools. We also spent time comparing the lengths of objects using the words longer or shorter.

Mrs. Becker's First Grade Class

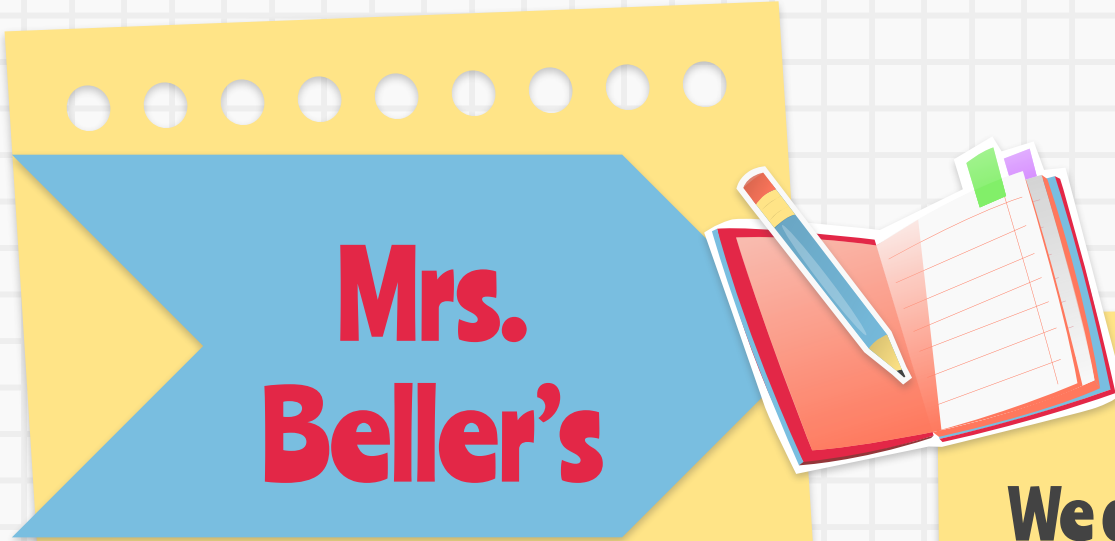

We started a new math unit that deals with measurement of length and time. The students loved measuring various things with their strings to find out if they were shorter or longer. They are also learning to tell time to the hour on an analog clock.

Tech Day was a **HUGE** hit! It sure is fun to play games with friends!!

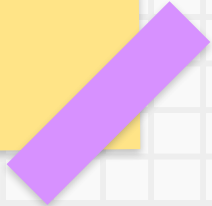

**Mrs.
Beller's**

Second Grade Class

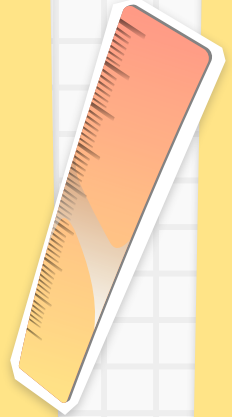

**We are building up
our Reading
Stamina to get
ready for 3rd
Grade.**

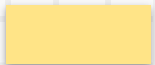

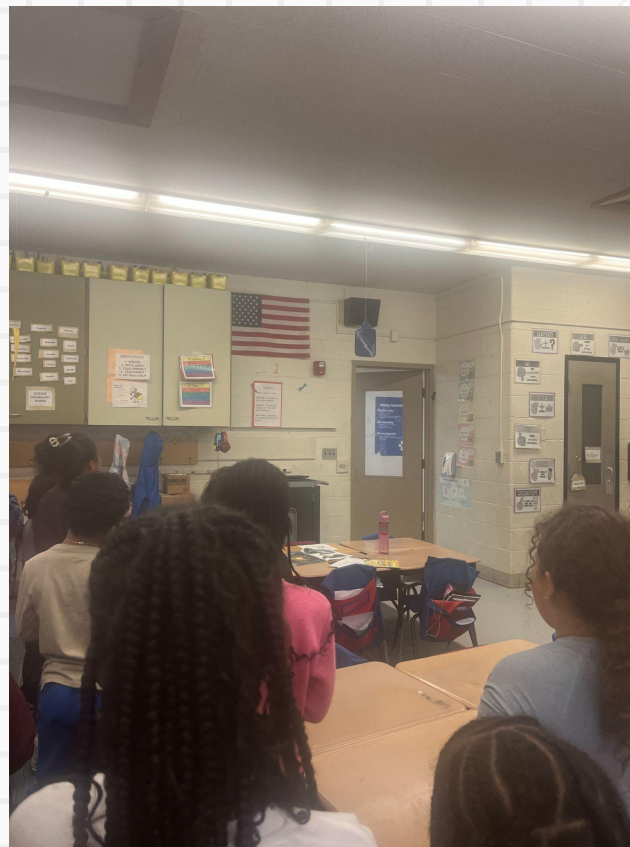

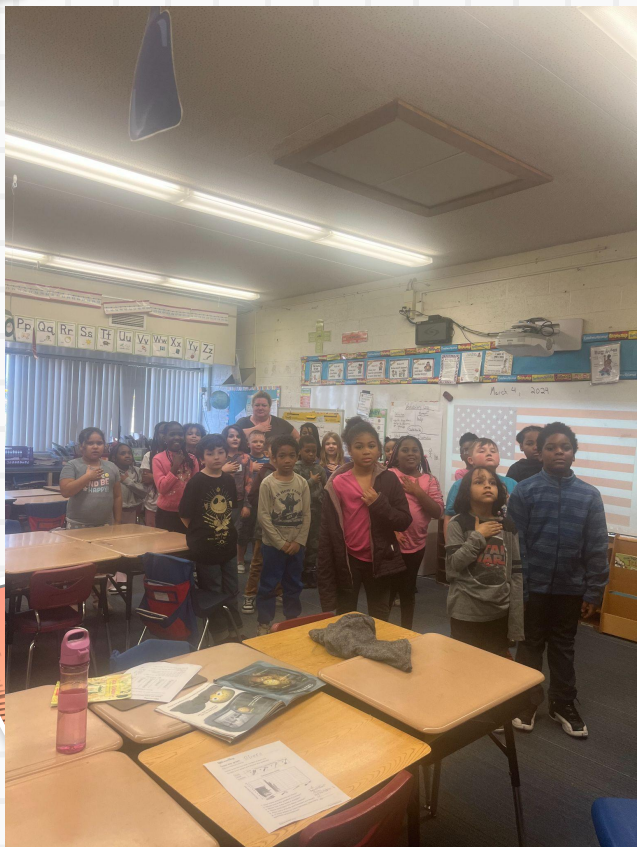

Mrs. Yager's Second Grade Class

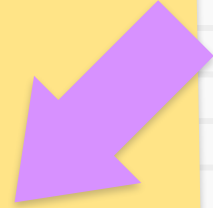

We are studying patriotism in second grade social studies. We are talking about the pledge and how it demonstrates patriotism.

Mrs. Torres Steam Class!

K-2 used Xello to explore careers in Career Town!
