

Mrs. Gorski's Kindergarten Class!

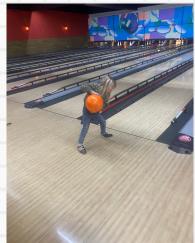

This week in Kindergarten we wrapped up our Push, Pull, Go science unit by taking a trip to the bowling alley to apply what we learned about these forces. The kids had a GREAT time!

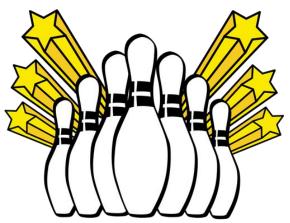

Whew! What a fun day! The Kindergarten kids went to the bowling alley this week! We have have been learning about force and motion in science and were able to experience it at the lanes! We had such a great time!

Mrs. Becker's First Grade Class

This week, we measured all kinds of items with inch tiles and also began measuring various fish. Given a length rule, students then had to decide if the fish was a "keeper" or not. They are loving all of this hands-on math!

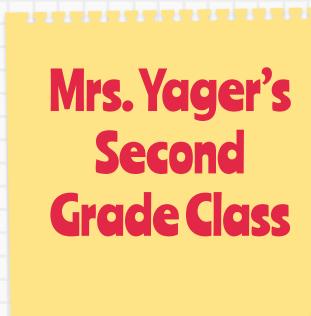

Mrs. Beller's

Second Grade Class.

This week we started a new unit in writing. Students began this unit learning about the story elements of fiction books. They then started to create their own fiction pieces by creating a character and setting for their stories.
