

# Hoover Happenings

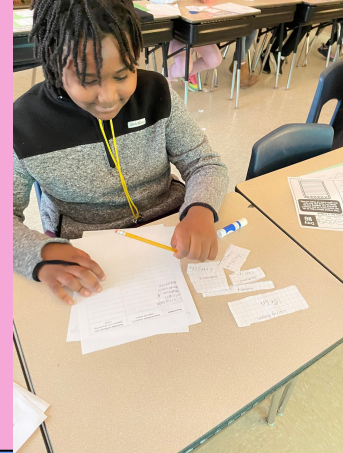

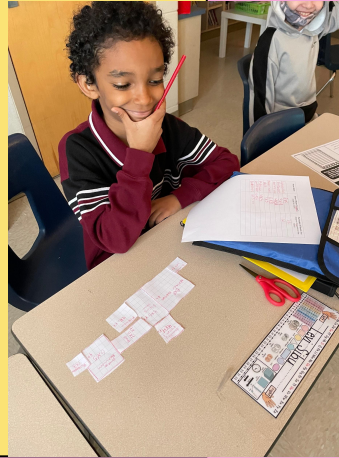

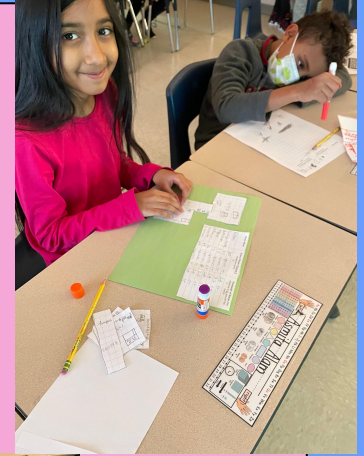

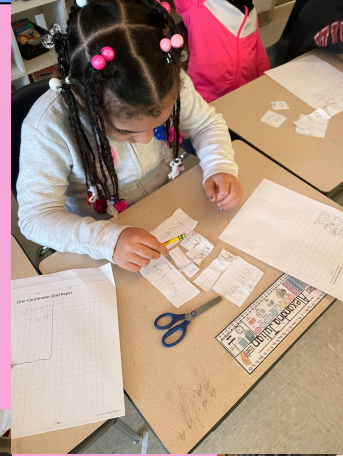

3-5

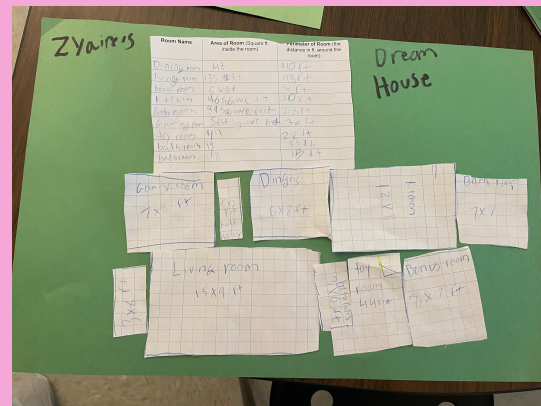

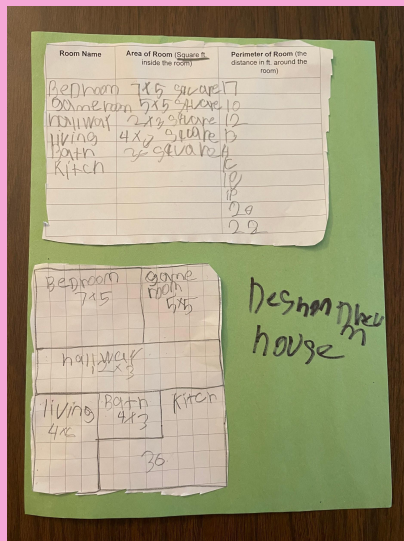

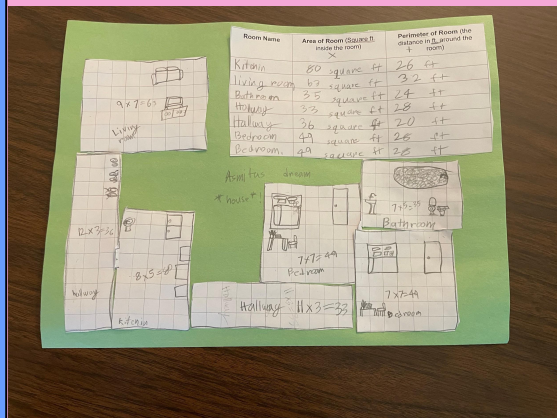

For the week of 3/6/23

# Ms. Bond's Third Grade Classroom

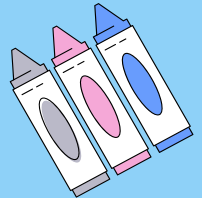

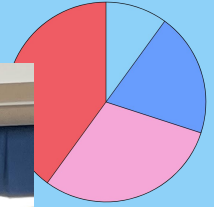

We put our knowledge of area and perimeter to the test by creating floor plans for our very own dream home

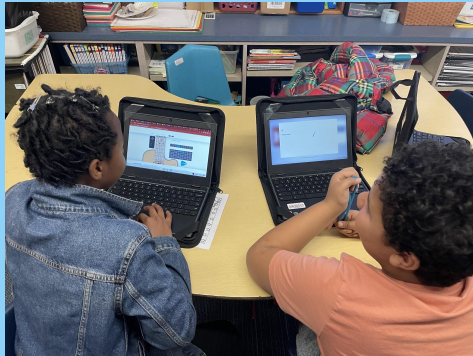

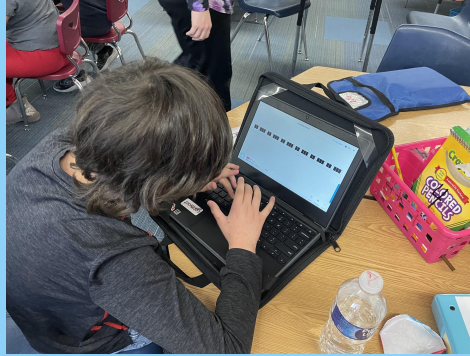

# Mrs. Johnson's Fourth Grade Classroom

## Musical Inspiration

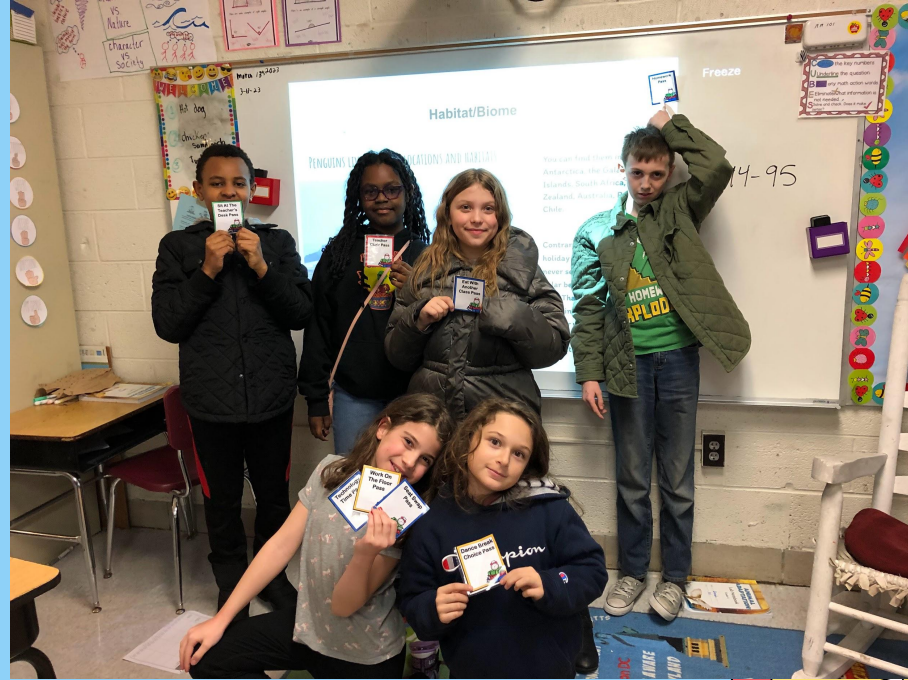

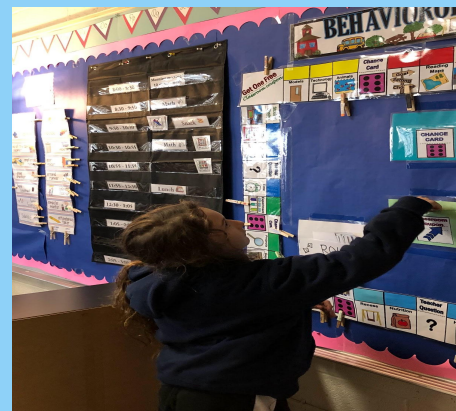

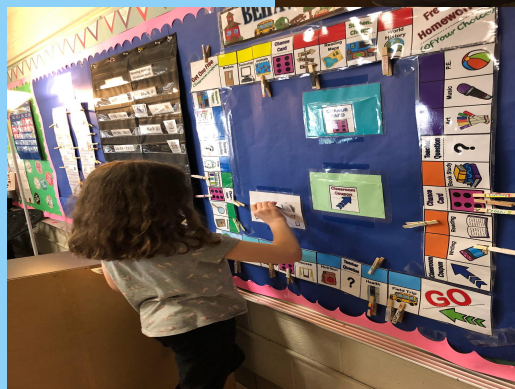

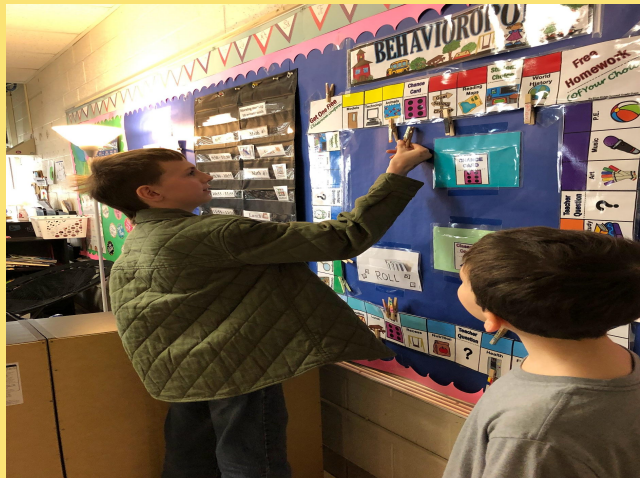

# Music Makers!

# Mrs. Houston's Fourth Grade Class

To celebrate our good behavior for the week, anyone who has accumulated 15 or more Class Dojo points gets to play our game, Behavioropoly. It is similar to Monopoly where the students can win candy, coupons or special prizes. Congrats!

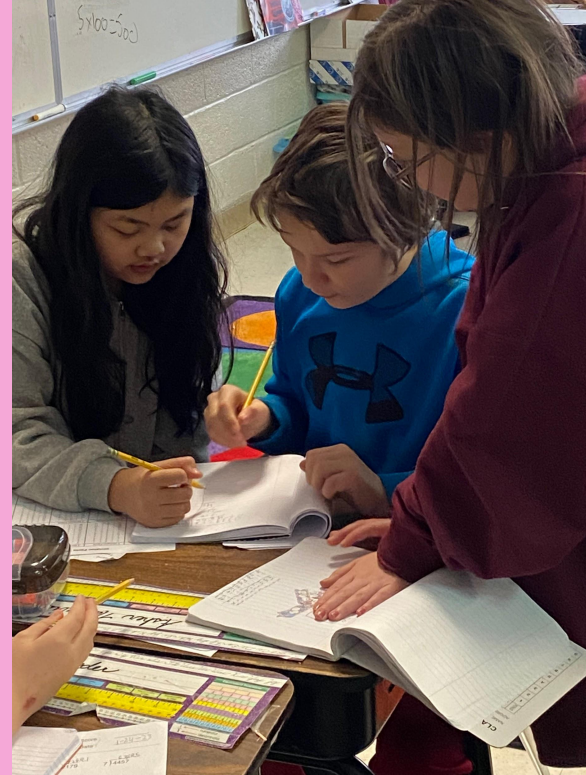

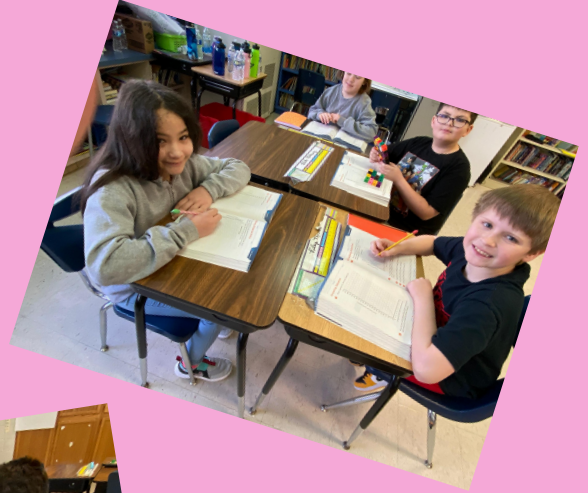

# Mrs. Bienstock's Fifth Grade Classroom

Another amazing week under our belts! This week we wrapped up our unit on informational reading and writing and polished up some fantastic writing pieces on ecosystems! Some of the papers that were turned in made this veteran teacher shine bright! A lot of very hard work shone through and some of our students will be invited to showcase their work to our school board at next week's meeting! I am so proud of them! We are rounding the corner on finishing up Unit 5 of our math curriculum and gearing up to tackling those dreaded decimals next week! Remember the deadline for camp registration is approaching fast so get those forms and payment turned into to Team Bienstock ASAP!

# Mr. Bienstock's Fifth Grade Classrooms

We are making progress as we tackle the second portion of our math unit “Temperature, Height, and Growth” and will test our knowledge next week.

Our ecosystem final reports came to a close this week as some students showcased their creative side also.

An all-school musical presentation and concert was fun at end of the week!
