Dear Class of 2020 and their Families:

We are excited about having the opportunity to celebrate graduation with our seniors next week. The purpose of this letter is to provide you with the final details for our graduation ceremony on August 6, 2020. We respectfully ask that you adhere to the plans outlined so that all of our students and their families can enjoy the experience we have planned for them.

Please be aware that it is MANDATORY for everyone to wear masks at all times while inside the stadium.

The chart below has specific details for each ceremony planned. We ask that you comply to the following expectations:

- Students have been broken into groups that are listed alphabetically. Please take note of the arrival time for your assigned ceremony and park in the parking lot assigned to your group.
- Graduates and their guests should start to line up for their ceremony no earlier than the time listed in the chart below. Graduates should check in at the stadium entrance located just beyond the right field fence of the baseball field. Staff will be there to assist in lining you up and give you specific instructions for the ceremony.
- Graduates are expected to follow the following dress code (under their caps and gowns). Male graduates are to wear slacks and a collared or button down shirt, while females may opt for a casual dress or slacks and a nice top. **Only flat soled shoes may be worn on the stadium field.**
- Guests of each graduate (maximum of four) should enter the stadium at the entrance to the football field. All guests of each graduate should enter the stadium together. Guests will be given a specific area in which to sit together.
- At the conclusion of the graduation ceremony, we respectfully request that all graduates and their guests leave the premises so that sanitization of the stadium can take place and the next ceremony can begin at its

scheduled time.

- Upon exiting the stadium, graduates can obtain their diplomas from staff that will be located at the Athletic Entrance next to the Receiving Department.
