From the Principal

Dear Parents and Families,

We are so excited to announce that 67% of our readers turned in reading logs with at least 150 minutes of reading last week. What an amazing start to our year. We want to keep those numbers going up, so please join us as we work to improve our reading this year and read at home every night for at least 30 minutes. You always have opportunities on the weekend to make up for time missed when a busy night comes up during the week. Honesty is always the best policy so please do not just sign your child's log without actually making sure they do the reading. It matters!

Sincerely,

Corri Nastasi

Riding Bikes to School

Please see this excerpt from our Student Handbook regarding riding bikes to school:

Bike Rules & Regulations - Elementary

Elementary students will be allowed to ride bikes to school; While we encourage our bike riders to be in grades 4 & 5, it is up to the discretion of parents whether or not their child will be allowed to ride a bike.

- *Scooters will not be permitted.*
- *Bikes must be locked to the bike rack; The school is not liable for any stolen bikes.*
- *Student bike riders must wear helmets.*
- *Students must walk their bikes, once on school grounds.*
- *Noncompliance with rules on school property, may mean the suspension of bike riding privileges.*
- *The district will offer a bike safety class/ride in the spring.*

If students do not bring a lock to school, the bike will be brought inside the building and one warning will be given. After that, parents will need to pick up the bike.

If a student does not wear a helmet to school, the student will receive one warning. After that, parents will need to pick up the bike.

If a student has three violations regarding locks or helmets, the student will lose the privilege and can no longer ride a bike to school.

Communication

Please read the excerpt below regarding the district communication process from our student handbook:

Hazel Park Schools Communication Flow Chart Process

Most parent and community questions are easily and completely answered by communicating directly with the staff member closest to the situation. As you move further along the flowchart, the staff is less directly involved and usually needs additional time to research the situation before they can give you an answer. If you do not hear back from the person you have contacted within **One (24 hours) business day**, it is appropriate to reach out to them again before moving along to the next level of

the flowchart. We do not expect your questions or concerns to go unanswered for a long period of time. Each situation should first be addressed at whatever level the initial action was taken with appeals moving to the next level on the “**Communication Process Flowchart.**” The easiest way to communicate is via email while a phone call is the next preferable way.

Guidelines for Parent Communications to Teachers and Staff

The purpose of this section is to serve as a general guide for ensuring effective communication from parents to teachers, staff and administrators. Communication refers to both the sending and receiving of information, such as email, notes, text messages on teacher apps such as PowerSchool and verbal communications such as telephone conversations, face-to-face meetings. In order to ensure a successful exchange of information, it is important that all parties follow a few key principles.

Maintain Respectful and Open Communication

- *Always use a respectful and polite tone.*
- *Request, don't demand.*
- *Be ready not just to provide information, but to listen to teacher/staff observations and perspectives.*
- *Enter the exchange with an open mind and assume a shared best interest for your child.*
- *Be prepared to work collaboratively to solve problems.*
- *Threats and/or inappropriate language will not be tolerated toward staff members.*

Confidentiality

- *Recognize that confidentiality may limit information that can be shared from school to parents, including consequences for other students' behaviors.*

Time to Respond to Communications

- *Teachers will make every effort to respond as soon as possible to parent communications, with the understanding that the teaching day sometimes precludes immediate responses.*
- *Be mindful of teacher work hours and please do not expect immediate response from after hours or weekend requests.*
- *Teachers and staff may need some time to collect needed information before responding.*
- *If you need to have a face-to-face meeting, parents/guardians must schedule an appointment in advance. Staff members, including the building administrator will not be readily available when parents "show up" unannounced.*
- *Please provide all of the necessary information pertaining to the meeting in advance.*

Whom to Contact

- *Most communications of classroom concerns should be directed at first to your child's teacher.*
- *If you have an issue with a particular staff member, first try to address those concerns with that staff member directly.*
- *If you have discussed with the adult that the conflict is with and the issue has not been addressed to your satisfaction, then move to the next level.*
- *Please recognize that it is both the policy and the value of our school that we operate with openness, collaboration and the shared best interest for every student.*
